

COALESCE HANGING SYSTEMS

Coalesce has reportedly some of the most competitive prices in the market and a stock you couldn't exhaust! Since we made the 'Hanging Section' launch in January 2016 we have saved some of our customers a small fortune. We provide varying finishes and thicknesses to suit the contract market to the most upmarket multi-million top quality developments.

Hanging rail and all the associated components are in stock for supply within 24 hours. We hold other types of hooks – please browse our range and of course get in touch with us if there is something you can't see – we are expanding fast and the print department don't always keep up!
